

I.2 Review of Prior Research

① The Eastern Origin of Western Economics

- The 'Chinese origin of Western civilization' (Zhu Qianzhi, Frank, Hobson, Hwang Tae-yeon)
- "Matteo Ricci led the Eastern gods of civilization and opened culture in the West"

② Daesoon's Cyclic Economic Thought

- "Money arises and is spent by the principle of circulation" — a cyclic ethic of distribution

③ Money and Religion

- Research on the circularity of money and its correlation with religious thought
